Training Centre Donor Information Package

SOUTH NIAGARA ROWING CLUB

Our Mission

SNRC's mission is to bring new participants of all ages into the sport of rowing, to develop their fitness, athleticism and rowing skills, and to further their interest, involvement and achievement in rowing.

Our Vision

SNRC's vision is to be the top learning and development centre for rowing (athletes and coaches) in Canada.

Our Goals

Inclusivity

Excellence

Sustainability

Integrity

SNRC strives for a diversified membership of both youth and adults that includes developmental, recreational and competitive programs. The club environment is both safe and welcoming and treats the abilities and goals of all participants with respect and support.

Why the Training Centre?

The Training Centre will be a 1500 sqft year-round facility that will be used for operating training sessions, general fitness classes, rowing/coaching clinics and special club meetings.

The facility will be fully accessible and also house administrative space, a locker area, a kitchenette and washroom/changerooms.

This training centre will greatly enhance the quality and year round availability of programming offered to the SNRC membership.

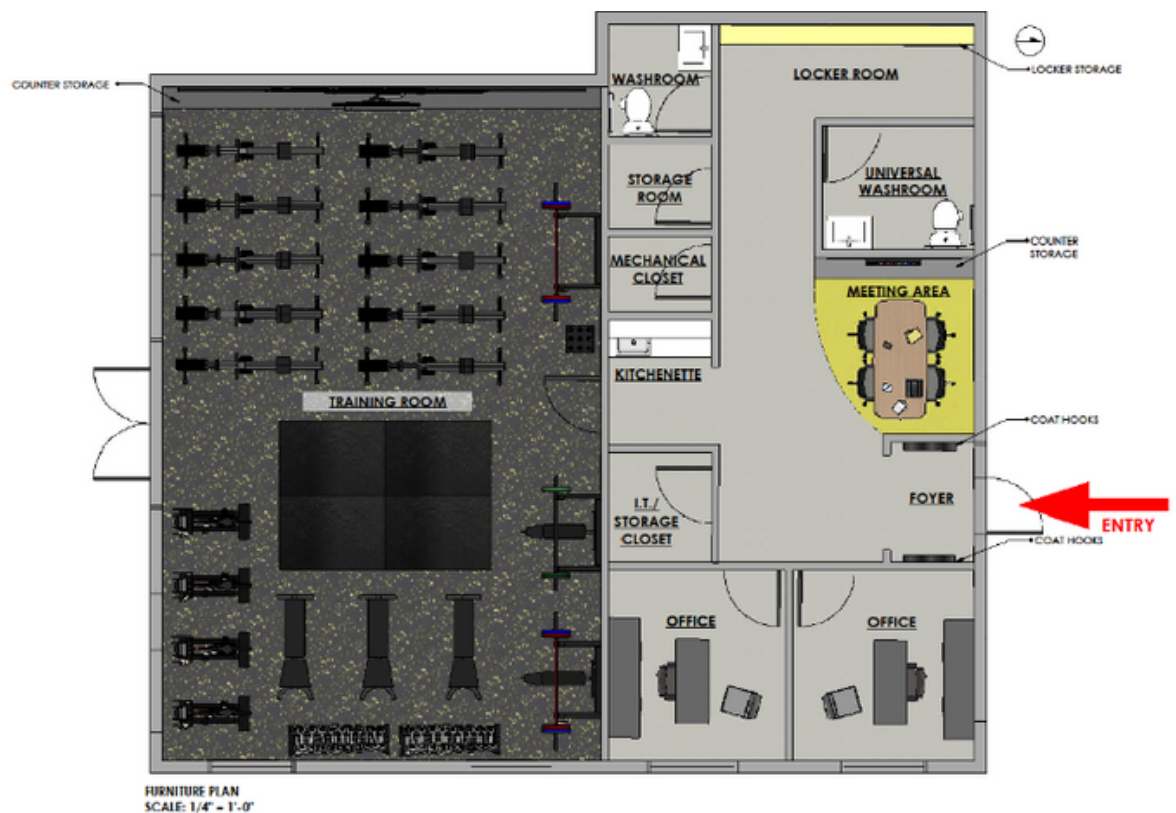

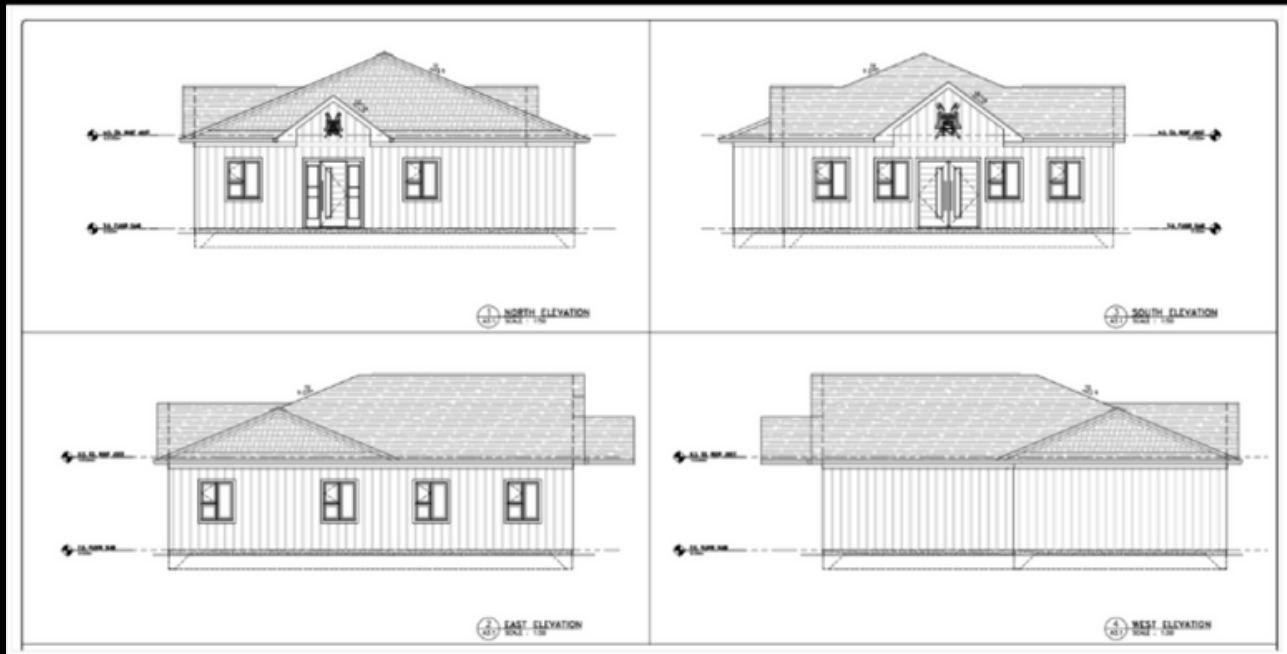

In providing quality training facilities for program participants this will serve to promote a positive experience with the sport and encourage life-long participation and development in the sport.

This facility will also provide further opportunities for developing and training coaches which is absolutely critical to growing the sport of rowing.

Overall, this facility will allow SNRC to become one of the top learning and development centres for rowing in Canada which will not only serve to increase awareness of the sport but will also feed into and support the provincial and national team programs.
